

Date
10.07.2023**Declaration of compliance
Packaging Act (VerpackG) - Act on the Placing on the Market, the Taking Back and the
High-Quality Recycling of Packaging**

Anyone who produces, imports or additionally packages goods in packaging in Germany is subject to the Packaging Act, which came into force on January 1, 2019. This applies to producers of goods, importers and online retailers. They are considered "initial distributors" and must register. Whether the packaging accumulates at the private end consumer or at the commercial customer is irrelevant since July 1, 2022. There are no de minimis limits for small quantities. LINNEMANN GmbH is registered in the packaging register LUCID and is listed there under the number DE4681766215792.

In the manufacturer's register LUCID the entry is publicly visible for all, so that dealers and customers have the possibility to check the assumption of responsibility by LINNEMANN GmbH:

<https://oeffentliche-register.verpackungsregister.org/Producer>

LINNEMANN is exempt from the system participation obligation, as only packaging is used that is not generated as waste by private end consumers. Therefore, LINNEMANN GmbH is exempt from the labeling obligation on the packaging. The used quantities of the individual packaging items are recorded
